

GREENHOUSE OR NURSERY CROP PRODUCERS

Draw from the source of the first manufacturer of water soluble fertilizers: PLANT MARVEL

Since 1922, Plant Marvel Laboratories Inc., pioneers in water soluble fertilizers, continue to innovate with products ever more suited to your needs and ever more effective.

Today, their unique formulas, tried-and-trusted as well as improved, are recognized everywhere in North America and it is not by chance. Plant Marvel offers support, advice and analysis for producers like yourself.
